

Note revised termination date of December 31, 2012**Quebec Mercury-Containing Lamps Stewardship Program—
Member Pre-Program Sales and Contract Policy**

The “eco fee” would not apply to the supply or sale of any program products in the following scenarios:

- a. A legally-binding contract or proposal that can be verified through an audit has been awarded to and/or submitted by a program member at a set price prior to Oct. 1, 2012 and the product is delivered and ownership has transferred to the recipient on or prior to Dec. 31, 2013, provided the contract is not retendered on or after Oct. 1, 2012.
- b. Payment becomes due or is paid without having become due to the program member prior to Oct. 1, 2012 and the product is delivered and ownership has transferred to the recipient on or prior to Dec. 31, 2013.

The “eco fee” would apply to the sale or supply of any program products in the following scenarios:

- a. A legally-binding contract or proposal that can be verified through an audit has been awarded to and/or submitted by a program member at a set price on or after Oct. 1, 2012 and the product is delivered and ownership has transferred to the recipient on or after to Oct. 1, 2012.
- b. Payment becomes due or is paid without having become due to the program member on or after Oct. 1, 2012 and the product is delivered and ownership has transferred to the recipient on or after Oct. 1, 2012.
- c. Any program product that is delivered and ownership has transferred to the recipient after Dec. 31, 2013, regardless of when a legally-binding contract or proposal was awarded to and/or submitted by a program member.
- d. Any program product that is delivered and ownership has transferred to the recipient after Dec. 31, 2013, regardless of when payment becomes due or is paid without having become due to the program member.
