

Paint Industry Stewardship Plan

Patrick Chauvet
Product Care Association

MWA Spring Workshop May 2015

Formerly known as AMRC

Ontario Paint ISP

- On December 10, 2014, Waste Diversion Ontario (WDO) approved the Product Care Association (PCA) Industry Stewardship Plan (ISP) for the management of end-of-life paints and coatings.
- On March 25, 2015 WDO announced the effective date (start date) of the PCA Paint ISP as June 30, 2015.

About Product Care Association

- Is a Federal Non-profit Product Stewardship Association
- Started 20 years ago in British Columbia
- Develops, implements and manages 14 product stewardship program in 9 provinces, on behalf of industry

MWA Spring Workshop May 2015

Formerly known as AMRC

Product Care Association

Paint: BC, SK, MB, NB, NS, NL, PEI, ON (June 30 2015)

Flammable liquids (including solvents), pesticides and other HHW products: BC, MB (preparing PSF ISP for submission)

Lighting: BC, MB, QC

Smoke and CO Alarms: BC

Small Appliances: BC, contracted by CESA

Major Appliances: BC, contracted by MARR

Outdoor Power Equipment: BC, contracted by OPEIC

MWA Spring Workshop May 2015

Formerly known as AMRC

Product Care and ReGeneration

- Corporate Name
- Remains as the legal name that appears on all contracts and agreements

- Consumer-Facing Brand
- More intuitive and engaging to consumers
- ReGeneration is the umbrella brand under which all programs are represented (PaintRecycle, LightRecycle, AlarmRecycle etc.)

MWA Spring Workshop May 2015

Formerly known as AMRC

ReGeneration Website

- The principal tool of the ReGeneration communications platform is the website, **ReGeneration.ca**. It hosts consumer, member and program partner website pages, providing relevant information for each group
- Service Partner resources for Ontario Municipalities are available at: www.regeneration.ca/service-partner-support/ontario/

MWA Spring Workshop May 2015

Formerly known as AMRC

Ontario Paint ISP

Supply Chain Service to Municipalities

- Same collection site standards, policies and guidelines as in SO's MHSW program
- No change in how paint is collected at events
- No change in how commingled paint aerosol lab packs are collected and packed
- PCA is committed to ensure that service to municipal depots, events and return to retail collection sites continues uninterrupted

MWA Spring Workshop May 2015

Formerly known as AMRC

Ontario Paint ISP

Supply Chain Service to Municipalities

- No change to municipal/service provider relationships or contractual arrangements as a result of the Ontario paint ISP transition
- PCA adopting all MDT&PIP transportation and processing incentive rates and standards for depot collected paint
- All service providers currently registered under SO MDT&PIP for paint transportation or processing will be automatically registered with PCA

MWA Spring Workshop May 2015

Formerly known as **AMRC**

Ontario Paint ISP

Municipal Events

- On March 31st Stewardship Ontario provided a list of events provided to them from each municipality. PCA will upload these events onto our website.
- Events submitted after March 31 will be reviewed, approved and uploaded to our website after submission to PCA
- Please submit any additional event to PCA by May 20th

MWA Spring Workshop May 2015

Formerly known as AMRC

Ontario Paint ISP

Commingled Lab Packs and Lab Pack Studies

- No change to commingled aerosols packing standards
- PCA will compensate municipalities for paint share of aerosol lab packs
- PCA and SO will work out mechanics of paying SO's share for other MHSW aerosol products (2015 - 5.43%)
- 2015 lab pack studies to continue per approved lab pack methodology
- 2016 lab pack study process to be reviewed with input from SO and Municipalities

MWA Spring Workshop May 2015

Formerly known as AMRC

Ontario Paint ISP

Paint Definition Change & Paint Exchange

- Definition of paint under the ISP includes all aerosol paints, not limited to architectural and also includes non-pesticide marine coatings
- Paint exchange program for interested municipalities being developed
- Following discussions with the Municipal Transition Committee, PCA will further consult to design and implement this after the ISP effective date

MWA Spring Workshop May 2015

Formerly known as AMRC

Ontario Paint ISP

Key Messages to Service Providers

- **No Interruption to Service**
- PCA conducting one on one meetings with service providers, 20 meetings have been conducted
- Transition: Claims with a service date prior to the ISP effective date reported to SO, and those after the effective date will be reported to PCA
- All service providers documents are being collected
- No major issues raised from service providers regarding paint transition

MWA Spring Workshop May 2015

Formerly known as AMRC

Ontario Paint ISP

PCA-Municipal Services Agreement

- The PCA-Municipal paint ISP service agreement was developed in consultation with Municipal Transition Committee - representatives of AMO/MWA/RWPCO and reviewed by their legal counsel
- The PCA-Muni paint ISP agreement is adapted from the current SO-muni MHSW services agreement
- The agreement has now been finalized and sent to each municipality

MWA Spring Workshop May 2015

Formerly known as AMRC

Ontario Paint ISP

PCA-Municipal Services Agreement

- Individual PCA Paint ISP agreements were sent to each municipality April 22 - 24
- The signed agreement should be returned to PCA on or before June 30, 2015
- If returned after June 30:
 - depot service will continue uninterrupted
 - municipality will be retroactively compensated to June 30 for depot hours, paint aerosols and event claims

MWA Spring Workshop May 2015

Formerly known as AMRC

Ontario Paint ISP

Municipal Compensation

- PCA adopted the agreed to SO/Municipal rates as they apply to paint
 - depot hourly rates – paint portion (75.9%)
 - total reimbursable depot hours
 - event \$/tonne rates
 - commingled lab pack rates (paint aerosols)

MWA Spring Workshop May 2015

Formerly known as AMRC

Ontario Paint ISP

Information Required from Municipalities

- PCA requires info to set up municipalities within PCA systems
 - Contact & Service Information – thru survey due back to PCA on or before May 8
 - Submit EFT/Cheque form to PCA by May 8
 - Municipalities to submit their commingled aerosol lab pack pricing with their latest invoice to PCA by May 20

MWA Spring Workshop May 2015

Formerly known as AMRC

Ontario Paint ISP

Information Required from Municipalities

- PCA requires info to set up municipalities within PCA systems
 - Municipalities to submit events to PCA that were not submitted to SO by March 30 – by May 20
 - Certificate of Insurance to PCA on or before June 30
 - Signed PCA-Municipal ISP Materials Service Agreement back to PCA on or before June 30

Product Care Depot Finder – www.regeneration.ca

The screenshot shows the ReGeneration website interface. At the top, there is a navigation bar with 'MEMBER SUPPORT CENTRE', 'CONTACT', a search bar, and a language selector for 'Français'. The main header features the ReGeneration logo and the text 'THANK YOU!' with a sub-message: 'We owe a huge thank you to all of our members, service providers, and partners that have made our programs a success.' Below this is a navigation menu with 'PROGRAMS', 'ABOUT', 'NEWS', and 'EVENTS'. A central section displays icons for various waste categories: Lighting Products, Paint, Pesticides & Flammable Liquids, Smoke & CO Alarms, Major Appliances, Small Appliance & Power Tools, and Outdoor Power Equipment. A red callout box highlights the 'FIND A COLLECTION SITE' button, which includes a dropdown menu for 'Lighting Products' and a text input field for 'Enter city/postal code'. At the bottom, there is a 'ReGeneration updates' section and a 'HAVE A QUESTION? CONTACT US!' button.
