

LARGE VOLUME GENERATOR (LVG) PROGRAM

Background:

The BC PaintRecycle LVG program collects large volumes of stewarded paint and aerosol products from consumers and businesses at no charge.

Requirements:

- You have paint or aerosols that you have purchased and used, or were abandoned by consumers on your site.
- An environmental handling fee (EHF)/eco-fee was paid on the material.
- Material must be accepted by the program (see Appendix B and C for a list of accepted and not accepted products).
- You have a minimum of one 4'x4'x3' block of this material (i.e. the material you have will fill this block of space or more).
- If you generate program material regularly, you must generate a minimum of one 4'x4'x3' block of material monthly to qualify for ongoing collection.

Options for Recycling:

Drop-off at a local depot

- If your material is not in the accepted products list (Appendix B) or does not meet program requirements, please contact the Recycling Council of British Columbia (RCBC), 1-800-667-4321, for options to remove and dispose your material.
- If you are under the minimum volume for LVG, please deliver the material to a local depot. A list of recycling locations can be found on our website: www.regeneration.ca.

Direct drop-off of materials

- If you meet the LVG program requirements and have the ability to transport material to PCA, you can schedule an appointment and drop off your material at the PCA processing plant:
7781 Vantage Way, Delta, BC
- Appointments can be made by calling PCA at 604-592-2972 ext. 205.
 - PCA will provide a Bill of Lading (BoL) for the shipment.
 - Unauthorized shipments will not be accepted.
- Any and all packaging and shipping related costs are the responsibility of the shipper.
- Please note that any material that is not program material, leaking or improperly packaged, will be refused and must be taken back at the time of delivery.
- You may be requested to provide proof that the material was purchased and an EHF was paid.

Direct pick-up of materials

- This service is for those who have met the LVG program requirements and do not have the ability to transport material to PCA.
- You may be requested to provide proof that the material was purchased and an EHF was paid.

PRODUCT CARE ASSOCIATION OF CANADA

7781 Vantage Way, Delta, BC V4G 1A6

Phone: 877.592.2972 | Fax: 604.592.2982 | Web: www.productcare.org

- If you meet program requirements, please complete the attached form (Appendix A).
- PCA will provide you with collection containers and will pick-up the material directly from your site.
 - Paint is collected in tubskids (4'x4'x3' boxes), aerosols are collected in drums.
 - Contact PCA once containers are full.
 - These containers must be kept in a secure location.
- Although this service is free, the LVG will be billed for any material that is not program material.
- In addition, PCA will bill for any lost or damaged collection containers that are provided to your site at the following rates:
 - \$450/tubskid, \$50/tubskid lid, \$50/drum
 - These containers are the property of Product Care and are to be only used for the collection of program material.
 - These containers must be kept in a secure location.

Ongoing collection of materials

- This service is for those who have met the LVG program requirements, do not have the ability to transport material to PCA, and generate this material regularly.
- You may be requested to provide proof that the material was purchased and an EHF paid.
- If you meet program requirements, please complete the application form (Appendix A).
- PCA provides collection containers and picks-up the material directly from your site.
 - Paint is collected in tubskids (4'x4'x3' boxes), aerosols are collected in drums.
 - Contact PCA once containers are full.
 - PCA will pick-up full containers and drop off replacements.
 - These containers must be kept in a secure location.
- Although this service is free, the LVG will be billed for any material that is not program material.
- In addition, PCA will bill for any lost or damaged collection containers that are provided to your site at the following rates:
 - \$450/tubskid, \$50/tubskid lid, \$50/drum
 - These containers are the property of Product Care and are to be only used for the collection of program material.
 - These containers must be kept in a secure location.

APPENDIX B: PRODUCTS ACCEPTED BY THE PROGRAM

Paint Products:

- ✓ Interior & Exterior: latex, acrylic, water-based, alkyd, enamel, oil-based consumer paints
- ✓ Deck coatings and floor paints (including elastomeric)
- ✓ Varnishes and urethanes (single component)
- ✓ Concrete/masonry paints
- ✓ Drywall paints
- ✓ Primers (metal, wood)
- ✓ Undercoats
- ✓ Stucco paint
- ✓ Marine paints (unless registered under Pest Control Product Act)
- ✓ Wood finishing oils
- ✓ Wood preservatives (unless registered under Pest Control Act)
- ✓ Melamine, metal & anti-rust paints, stains, shellac
- ✓ Swimming pool (single component)
- ✓ Stain blocking paint
- ✓ Textured paints
- ✓ Block fillers
- ✓ Wood, masonry, driveway sealers or water repellents (non tar-based or bitumen based)
- ✓ Already empty paint containers

Paint Aerosols:

- ✓ Paint aerosols of all types, including automotive, craft and industrial products

Container Limits:

We currently accept consumer paint in the following container sizes:

- ✓ Paint up to 25 litres
- ✓ Aerosol paint spray cans (660 grams or 24 oz.)

APPENDIX C: PAINT PRODUCTS NOT ACCEPTED

The following types of paint and paint related products are excluded from the program:

- ✘ Product from damaged shipments, mistints, spoiled material, or product returns
- ✘ Unidentifiable or unlabeled containers
- ✘ Paints or wood preservatives that are registered as a pesticide under the pest control act (has P.C.P. Reg# on label) e.g. marine anti-fouling paint, should be treated as a pesticide
- ✘ Craft paint (non-aerosol)
- ✘ Automotive paint (non-aerosol)
- ✘ Industrial paints & finishes (e.g. baked-on, heat resistant etc.)
- ✘ 2-part or component paints containing catalyst or activator
- ✘ Roof patch or repair
- ✘ Tars
- ✘ Tar-based or bitumen based product
- ✘ Traffic or line marking paint
- ✘ Quick drying paint
- ✘ Resins
- ✘ Paint thinners, mineral spirits or solvents
- ✘ Deck cleaners
- ✘ Colorants and Tints
- ✘ Caulking compound, epoxies, glues or adhesives
- ✘ Brushes, rags and rollers
- ✘ Improperly sealed paint containers
- ✘ Paint containers with poor integrity (e.g. badly rusted cans) or leaking
- ✘ Bulging containers
