### Product Care's Saskatchewan Paint Program

#### Agreement to join Product Care's Saskatchewan Paint Management Program

The Saskatchewan Waste Paint Management Regulations [chapter E-10.21 REG 3] (the "[Regulation](#)") require all "first sellers" of paint (as defined) to operate or join an approved Product Management Program.

Product Care has been issued an Approval to Operate a Product Management Program (File 24030-50/PAINT) by Saskatchewan Environment pursuant to the Regulation.

The undersigned is a member of Product Care Association and agrees to join the Product Care Saskatchewan Waste Paint Product Management Program.

Product Care agrees to:

- notify Saskatchewan Environment that the undersigned is a member of Product Care's Saskatchewan program,
- operate the Saskatchewan Waste Paint Product Management Program on behalf of the undersigned so long as it remains a member of Product Care Association in good standing.
