

Drop-off checklist

- ✓ Products must be in original container, with label intact.
- ✓ Container is tightly sealed.
- ✓ Gasoline must be returned in a 25L or smaller sealed jerry/gas can.
- ✓ Multiple products have NOT been mixed together in one container.

Visit productcare.org/alberta to find a full list of accepted products and a recycling location near you.

Hazardous and Special Products (HSP) – Alberta

Starting April 1, 2025, Product Care Recycling will be responsible for the collection and management of HSP in Alberta. Residents are encouraged to bring their unwanted or leftover HSP to their nearest collection site or to a scheduled collection event/round-up.

Some Alberta municipalities may continue to accept HHW products that are NOT included as part of the HSP program. Residents are encouraged to check with their local municipality, review the accepted HSP product list, and locate nearby recycling sites through the recycling locator.

RECYCLE YOUR

Leftover pesticides,
toxics, corrosives
& flammables

productcare.org/alberta
